Grading System

Kindergarten through Grade 12

A student's daily average each nine weeks will be based upon a minimum of eight (8) graded assignments that are completed independently by the student.

a. Each student shall be assigned numerical grades that can be used to calculate nine weeks, semester, and yearly averages, with the following symbols being used:

ACADEMIC

A 90-100 Outstanding Progress

B 80-89 Above Average Progress

C 70-79 Average Progress

D 60-69 Lowest Acceptable Progress

F 0-59 Failure

I Incomplete*

*Incomplete—If a student has make-up work due to excused absences or extenuating circumstances and has not completed all assignments by the end of the grading period, an —I|| is assigned for the grade. Unless assignments have been completed or special arrangements made with the Principal, the —I|| automatically becomes an —F|| ten (10) days after the end of the grading period.

SELECTED NON-ACADEMIC SUBJECTS, PENMANSHIP, PERSONAL DEVELOPMENT, AND CONDUCT

E Excellent

S Satisfactory

N Needs Improvement

U Unsatisfactory

b. When included as part of the grade computations, homework shall count no more than 10% of the final nine weeks average.

c. Students are expected to make up all work missed during an excused absence within a reasonable time after returning to school or other such time as determined by the teacher or the Principal, and credit will be granted for all work completed . At least one (1) day shall be allowed for each day of missed work.

d. Students who have received an Out Of School Suspension will be provided assignments so they might return to school without being irretrievably behind in their work. The procedures and timelines for providing and grading these assignments will be determined by individual school policy. The maximum score that may be earned on these completed assignments will be 60%.

e. No student can be exempted from academic performance requirements, including examinations, based on student attendance.

f. A student's academic grade shall not be reduced as a disciplinary measure except in cases of academic fraud or cheating. A student's grade may also be affected for work missed during a suspension, unexcused absence and/or excessive absenteeism only for the days when all students in the class were given grades.

g. A complete explanation of the grading system shall be included on the report card.

h. Initial and primary authority for determining the grade to be assigned a student shall rest with the classroom teacher. Upon request of a parent or guardian, the Principal shall review any grade

given a student at the end of a reporting period. However, such grade cannot be changed or altered by the Principal unless:

There was an apparent error in the grade calculation,

There were no data to support the grade, or

The grade was not consistent with School Board policy.
