Walton Virtual School (WVS) can lead to a high school diploma! Completion of graduation through Florida Virtual School (FLVS) only leads to a certificate of completion, not a high school diploma.

Why choose WVS?
WVS teachers, as well as, the school guidance counselor and administrator reside locally. This enables the teachers to maintain close relationships with students. It also allows students to meet face-to-face with teachers, the guidance counselor, and/or the administrator when necessary.

Walton County students enrolled in WVS receive individualized instruction from teachers who hold valid teaching certificates in their subject area. Instruction is delivered via the Internet, telephone, email, and online collaboration tools.
